Advice to the Federal Government *

Dear Ernie -

I know you have a special interest in this question.

I am thinking of pulling together a fairly broad study - of which would be especially timely as we approach Jan 30 1989.

If Jim Deenan agrees to significant co-participation I will probably want to do it.

Do you have any thoughts on the substance, sponsorship?

See you on 11/14

* go beyond the white house. include OTR...
